1. Go to kahoot.com
2. In the top right corner press the "Play" button
3. Enter the game PIN (it will be projected on the Google Meet)
4. Choose a name to identify your family *this should be something that identifies your family so we can see who our winners are (ex: Mendes family, TheMendes4, etc.)
5. Once we are ready to begin, the moderator will start the game. You will be moved from question to question so all you have to do is select the answer your family thinks is correct.
*Speed is important, so the faster you answer the question, the better. *You will have 20 seconds to answer each of the 12 questions.

Good luck!
